

# Intergovernmental Review (SPOC List)

It is estimated that in 2009 the Federal Government will outlay \$500 billion in grants to State and local governments. [Executive Order 12372](#), "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The Order allows each State to designate an entity to perform this function. Below is the official list of those entities. For those States that have a home page for their designated entity, a direct link has been provided below by clicking on the State name.

**States that are not listed on this page have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within a State that does not have a SPOC, you may send application materials directly to a Federal awarding agency.**

Contact information for Federal agencies that award grants can be found in [Appendix IV of the Catalog of Federal Domestic Assistance](#).
