

Construction Advisory:

Impacts to 9/11 Memorial Tour Bus Access

Urgent repairs to the retaining wall of the historic Trinity Church and burial ground along Trinity Place between Rector and Thames Streets are scheduled to begin on **Monday, August 13**.

This work will proceed in two segments:

- North half of the block: projected August through October
- South half of the block: projected November through January

As the contractors work on the retaining wall, they will establish work zones that include the adjacent sidewalk and curbside lane of Trinity Place. These work zones will be in place 7 days a week, 24 hours a day.

Absolutely no tour bus loading/unloading is permitted alongside the work zones.

Tour buses **will** be permitted to load and unload passengers:

- On segments of Trinity Place where no work is taking place
- At the BM1/BM2/BM3 bus stop on Trinity Place, located between Exchange Alley and Rector Street

On **weekends ONLY**, additional tour bus loading/unloading will be available:

- Along the east curb of West Street between J.P. Ward and Carlisle Streets

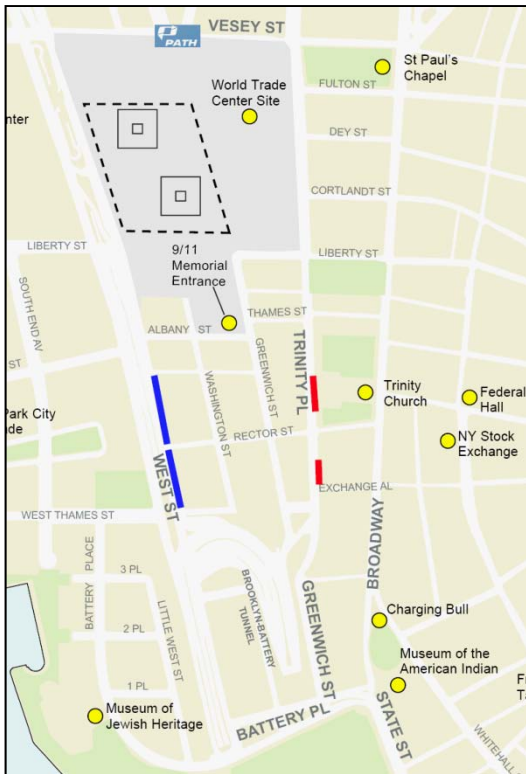

NYPD will be monitoring these locations on a regular basis to ensure full compliance with these regulations.

ADA-compliant walkways will be provided for pedestrian movement alongside the work zones, so visitors can continue to access the 9/11 Memorial via Thames Street.
